

# 7

## Contributing Stakeholders

Over eight months, 332 unique stakeholders\* provided their time, insights and energy in various capacities to create a 2020 vision for Barrington 220. Their collective contributions, both large and small, make this a vision widely shared.

\* Every effort was made to include all names of those who participated in the planning committee, 2020 Vision Summit or the six task forces. Apologies are offered if a name was inadvertently omitted from the following list or if multiple affiliations are not acknowledged.
